SUBJECT.

Re the revision of the Establishment of the Ganaradhanachattram at Nanjangud.

From

The Deputy Commissioner, Mysore District.

Letter No. 423, dated 23rd April 1907.

Govt in their Pro: No. 3957-64½, dated 17th March 1906, directed that the system of issuing raw rations should be stopped and that feeding should be revived in all the Muzrai Annachattrams in the State. The Deputy Commissioners were therefore requested to report on the existing establishment of such Chattrams in which the raw ration system prevailed, as well as on the small additional establishment if any, required in consequence of the revival of the system of dispensing cooked food therein.

The Deputy Commissioner of the Mysore Dt

now submits his report regarding the Gunaradhana Chattram at Nanjangud. He says that the cost of the present establishment is Rs 5/- per mensem, and that the Chattram being intended for the Lingayet people, the feeding cannot be conducted in the Brahmin Annapathram at Nanjangud, and proposes that a Parpattegar, a cook, a parichaark, a swaper and a pollar at a total cost of Rs 18/- per mensem, may be entertained for reviving feeding in the Chattram.

The Chattram has a tasdik of Rs 41-8-0 per mensem.

Sub?

It is doubtful whether such a costly establishment is necessary for such a small Chattram, which gets only Rs 41-8-0 per mensem.

2-141 Dy 19 a &c- From the Statement showing the present expenditure under the system of raw rations received from the Dy Comr, it is observed that raw rations were issued to 3455 persons at a cost of Rs 433-0-6 during the year 1904-5, to 4640 at a cost of Rs 473-10-5 during the year 1905-6 and to 3531 at a cost of Rs 439-12-6 during the year 1906-7 leaving a balance of Rs 64-15-6, 24-5-7 and 58-3-6 respectively for annamaya at the ensuing [illegible], out of the ~~last~~ Tasdik grant of Rs 498 per annum.

Received 26 MAR 1907

Muzrai Secretary's Remarks.

The tasdik allotment for the Gavaradhane Chattram at Nanjangud is Rs 41-8-0 per mensem or Rs 498/- per

GPB—3,000—22-6 06

annum. The amount is now expended in giving raw rations to the Linigayet and Byragee pilgrims visiting Nanjangud. The Amildar reports that the Sadik of each month is generally exhausted a few days before the end of the month. It appears from the statistics of the past 3 years however that small sums of between Rs 50 and Rs 60/- per annum are saved every year.

If feeding of Linigayets is to be arranged for, the Deputy Commissioner proposes an establishment at a cost of Rs 18 per mensem. This will leave only Rs 23½ for feeding purposes, while the giving of raw rations to Byragees would have to be discontinued. Further, the arrangement of the needful accommodation for a Chattram may cost some money.

Under these circumstances, it seems preferable to continue the arrangements

No. 3957-64½ Muz. F. 23 of 1893

Directing the revival of feeding in all the Muzrai annachattrams in the State.

GPB—17-4-06—200

Proceedings of the Government of His Highness the Maharaja of Mysore, Muzrai, dated 17th March 1906.

No. 3957-64½, DATED BANGALORE, 17TH MARCH 1906.

ORDER.—Complaints having been received against the introduction, some years ago, of the system of issuing raw rations in some of the Muzrai annachattrams in the State, where feeding was formerly conducted, the opinions of the Deputy Commissioners of the Chitaldrug, Bangalore, Mysore, Tumkur and Kolar Districts in which the raw ration chattrams were situated, were demi-officially called for, and they were at the same time requested to report how the system was working in their districts. From the replies received it is observed that in some of the chattrams in question, the system operates as a great hardship to travellers who generally prefer to have cooked food rather than rations as they cannot, during a temporary halt, command the necessary conveniences for cooking. It is also observed that a larger number can be fed within a given amount, if cooked food is distributed than if raw provisions are given. In these circumstances, all the Deputy Commissioners consulted are in favor of the revival of the old and time-honoured system of giving cooked food, which is more advantageous and fulfils the object with which such institutions were originally started. The Government concur in this opinion.

2. It is found that the raw ration system was introduced in sixteen chattrams by the late Muzrai Secretary, but that in two of them, *viz.*, the chattrams at Nanjangud and Narasimha Teertha, near Mulbagal, feeding was recently ordered by Government to be revived. In the remaining fourteen chattrams also, which are noted in the margin, the Government are pleasd to direct that feeding be re-introduced so that there may be a uniform system of serving cooked rice to travellers in all the chattrams in the State.

3. The Deputy Commissioners of the Mysore, Tumkur, Bangalore and Chitaldrug Districts are requested to report at an early date on the existing establishments in the chattrams named in the above paragraph as well as on the small additional establishment, if any, that may be required for the revival of feeding. In recommending the entertainment of an additional establishment as above, due regard must be had to the existing tasdik allotment of each of the aforesaid chattrams.

4- I concur with the Sub Divisional officer.

5. The Amildar states that Rangappa Pariharake of the Maddur Chattram is a Prathamika shalake and does not bear good character and recommends that his services may be dispensed with as Brahmans take objection to take meals prepared by him and complaints are being received from time to time.

2. The Govt however observe

that the Jasdik allotment for the Ganaradhane Chatram is only Rs 41-8-0 per mensem or Rs 498/- per annum, and that this amount is almost exhausted in giving raw rations to the dungayet and Byragee pilgrims going to Nanjangud, leaving only small balances of between Rs 50 and Rs 60/- every year in favour of the institution If feeding of dungayets is to be arranged for, the Deputy Commissioner proposes an establishment at a cost of Rs 18/- per mensem, This will leave only Rs 23-8-0 which would be hardly sufficient to meet the feeding charges throughout the month, while, at the same time, the giving of raw rations will have to be discontinued.
